  - Palm Springs
- 2004 – First ELSO Collaboration
- 2013 – Last Standalone - Denver

**Collaborations!**

- ELSO
- Quality and Outcomes
- International
  - +/- AATS
- Other
  - CCAS
  - SCA
Proposal

- Early 2015

Survey – April 2016

Fellowship of Pediatric Perfusionists:

As mentioned several months ago, the AmSCT Pediatric and Congenital Perfusion Committee (PCPC) has worked together with the AmSCT Board of Directors to lay the groundwork for a standalone pediatric and congenital meeting in the fall of 2017 (late Oct, date tba). We are currently working with Smith-Bodkin and have a request for Proposal (RFP) out for 3 different dates and locations.  We encourage you to join us and provide your input.  As a part of these efforts, we want to understand the concerns and needs of the AmSCT Pediatric community.  As such, we felt it best to send this survey to the Fellowship of Pediatric Perfusionists (FPP).

Thank You!
