2018 AmSECT **pediatric** October 4-6, 2018 | Miami, FL 

### Requirements

- A current member of AmSECT and the ABCP with no reportable actions pending.
- A current practice that establishes the applicant as a specialist in pediatric cardiovascular perfusion.
- Minimum accumulated pediatric cases as follows:
  - 200 cardiopulmonary bypass cases for correction or palliation of congenital heart disease
  - At least 40% (80) of which should be on infants  $\leq$  10 kg
  - Maximum of 20% (40) may be as documented back-up perfusionist

### Requirements

- Interest in pursuing professional excellence in pediatric perfusion, both as an individual pediatric perfusionist and as a member of the pediatric perfusion community.
- Ethical fitness as well as professional proficiency as determined by the Fellowship Review Committee.
- Willingness to actively participate in maintaining, directing or supporting the advancement of pediatric perfusion.

### Fellowship Pledge

Recognizing that the American Society of ExtraCorporeal Technology seeks to exemplify and develop the highest traditions of our profession, I hereby pledge myself, as a condition of Fellowship within the Society, to live in strict accordance with its principles and regulations.

I pledge to pursue the practice of pediatric perfusion with honesty and integrity and to place the rights of my patient above all else. I promise to deal with each patient, as I would wish to be dealt with if I were in the patient's position. I also promise to further my knowledge through research and education, and to share my knowledge and experience with others in an effort to advance the practice of pediatric perfusion.

Upon my honor, I declare that I will advance my knowledge and skills, will respect my colleagues, and I will seek their counsel when in doubt about my own abilities. In turn, I will willingly help my colleagues when requested.

Finally, I solemnly pledge myself to cooperate in advancing and extending the art and science of pediatric perfusion by my Fellowship in the American Society of ExtraCorporeal Technology.

2018 AmSECT **pediatric** October 4-6, 2018 | Miami, FL
